the beatles basslines the beatles 9780793570522 - bass recorded versions this superb folio contains paul mccartney s bass lines from ten of the beatles greatest hits in standard notation and bass guitar tab with top line lyrics and chord symbols, **amazon com the beatles bass bass signature licks** - this book was an enormous amount of fun to work through and it helped me develop a feel for the bass as a longtime guitarist if you re looking for a literal transcription this is not the book for you as it distills the essentials from the bass parts to a bunch of songs and does not bother with the nitty gritty fills and elaborations that come out in later verses
